

DISASTER RECOVERY

Preparing for 2021 Disaster Recovery Allocations

Dozens of federal disasters have been declared over the past year, and hundreds of millions of Community Development Block Grant Disaster Recovery (CDBG-DR) funds will be made available to states soon through an appropriations bill. Civix's offers unparalleled experience to help states prepare for and deploy these resources quickly – and have the greatest impacts on communities.

AN INTEGRATED APPROACH TO GRANTS MANAGEMENT

DR grants management is a complex web, that when woven correctly, can truly transform communities. Our multidisciplinary team works together seamlessly to integrate every discrete grant component. This highly coordinated approach avoids disconnects between plans and implementations, ensures compliance, and guarantees speed.

OPERATIONAL & ADMINISTRATIVE READINESS

We've put together dozens of certifications & implementation plans. We'll make sure you're ready when dollars are allocated.

UNMET NEEDS ASSESSMENT

Our team of planning experts apply data analytics & mapping capabilities to quickly go above & beyond federal requirements.

ACTION PLAN DEVELOPMENT

Time is of the essence, and the task is huge. We've assembled the precise skillsets & integrated workflows to quickly deliver action plans.

PROGRAM DESIGN

Applying lessons learned from our work across the U.S., we design compliant, yet flexible, programs to address your precise needs.

ORGANIZATION STRUCTURES & WORKFLOWS

We've stood up entire agency departments & can advise on the most efficient ways to ensure speed & compliance.

STAFF AUGMENTATION

DR grants can crowd already full workloads. Our team of veteran experts are ready to step in should your team need extra hands on deck.

When the clock is ticking, there's no room for error. We've got you covered.

Civix DR grant management experts draw on their vast experience to avoid timely and expensive pitfalls and ensure speed and compliance.

Preparing for CDBG-DR grant allocations is a complex process that requires a lot of time and resources - withing a tight timeframe. Though these DR grants require similar processes to other federal grants, they are indeed unique. HUD checklists are helpful, but they're no substitute for seasoned expertise. Our team has helped states - like California, New York, and Louisiana - prepare for and implement some of the largest CDBG-DR grants in history. We know DR like the back of our hand and stand ready to support your success.

THE HUD EXPERTS

Over 40 years, we've helped states, territories, and local governments administer billions of dollars in HUD funding. Our team includes former state government grant and program administrators, best-in-class workflow developers, and planning experts. We use a proven, data-driven framework for ensuring HUD regulatory compliance and baseline reporting. From this foundation, we apply lessons learned from hands-on knowledge of previous long-term recovery programs and incorporate innovative ideas to create programs that meet each community's needs.

CIVIX GRANTS MANAGEMENT

In addition to CDBG-DR, Civix offers expertise and software solutions to help states and subgrantees manage a variety of federal grants.
